IOPS continues to manage the MAG portfolio within owned and leased buildings according to applicable ASHRAE and industry standards and codes. Landlords are responsible to operate all buildings in accordance with their lease agreements and the applicable ASHRAE industry standards and codes.

- Buildings are operated in accordance with the applicable standards outlined by the following:
1. Ontario Building Code;
 2. American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE); and
 3. Building Owners and Managers Association (BOMA) Canada.

With respect to COVID-19, IOPS will continue to monitor and respond to best practices from accredited organizations and make the necessary building operational adjustments, as practical and when required at owned buildings. IOPS will continue to work with landlords to incorporate identified best practices from accredited organizations.
